Scientific Writing

How does the Scientific Writing service work?
I can write your scientific document from scratch or from what you've already written. It is a customized writing service setting up milestone. Let's get in touch and tell me about your project, details you feel are important to me to know, your particular needs and expectations.

Which is the turnaround time for the Scientific Writing of a journal manuscript?
It depends on the length and topic of the article to be written.

In general, the regular turnaround time is 3 months from you to get the initial draft until receiving the final version, if it is from scratch. Shorter turnarounds can be requested (but may incur an additional fee).

We set up milestones for the different project stages until you get the final proofread version. With feedback in each stage to address the client requirements and to adjust details. Let's get in touch and tell me about your particular needs.

Which is the turnaround time for the Scientific Writing of a University assignment?
It depends on the kind of document, its length and topic.

In general, the regular turnaround time is 7 – 10 days. Shorter turnarounds can be requested (but may incur an additional fee). Let's get in touch and tell me about your particular needs.

Which is the turnaround time for creating a presentation or dissertation?
In general, the regular turnaround time is 7 – 10 days. Shorter turnarounds can be requested (but may incur an additional fee). Let's get in touch and tell me about your particular needs.

Which is the turnaround time for the Writing of a CV, Intention Letter or Resume?
In general, the regular turnaround time is <72 hs. Shorter turnarounds can be requested (but may incur an additional fee). Let's get in touch and tell me about your particular needs.

Is it possible to get just any or all of the add-on services?
Yes, you can get any of them separately or all together, without the need to get additional Scientific Writing or Edition & Proofreading services. For example, you can get only the Journal Selection Report, or an Antiplagiarism Analysis, as your own demand needs. Let's get in touch and tell me about your particular needs.

Is it possible to combine the add-on services?
Yes, you can combine any of them with the Scientific Writing or Edition & Proofreading services with a minor additional charge. Let's get in touch and tell me about your particular needs.

Which is the turnaround time for the add-on services?
In general, the regular turnaround time is < 5 days. Shorter turnarounds can be requested (but may incur an additional fee). Let's get in touch and tell me about your particular needs.

What is an acceptable percentage of plagiarism?
There is a lack of consensus on what percentage of plagiarism is acceptable in a manuscript. Going by the convention, usually, a text similarity below 15% is acceptable by scientific journals and a similarity of >25% is considered as a high percentage of plagiarism.

Can I get help to reduce the percentage of plagiarism of my document?
Yes. You need to send me the document via e-mail and after the turnaround time, you will receive a report about plagiarism detected on your document and the final version of the document after plagiarism reduction.

Editing & Proofreading

How does the Editing & Proofreading service work?
I thoroughly edit & proofread your document for spelling, typos, grammar, clarity, style & more to make it smoothly flow from beginning to end; comments and suggestions are added where necessary to help you improve the document.

You need to send me the document via e-mail reporting which level of Editing & Proofreading you choose (basic, advanced or professional), and after the turnaround time, you will receive the edited & proofread document. I will return to you two files: the clean final version and the tracked-changes one.

Which is the turnaround time for the Editing & Proofreading service?
It depends on the length of the document and the level of Editing & Proofreading service you choose.

In general, a regular turnaround time for any of the levels of edition & proofreading is between 3 and 7 days for a document shorter than 10,000 words. For documents of 10,000+ words, you should consult me.

Shorter turnarounds can be requested (but may incur an additional fee). Let's get in touch tell me about your particular needs.

Is it possible to edit only one or two chapters of my University assignment or thesis?
Yes. You need to send me the document via e-mail stating which are the chapters (or even pages) you want me to edit, tell me the level of Editing & Proofreading you choose (basic, advanced or professional) and after the turnaround time, you will receive the edited document. This way you can, for example, select only your introduction and your conclusion to be edited & proofread.

Not sure which level of Editing & Proofreading to select?
You need to send me the document via e-mail reporting "Edit as Needed" to let me provide the level of improvement that is most appropriate for your document in its current form.

What file formats are supported?
Microsoft Word format (.doc or .docx).

What file formats are delivered the final documents?
You can choose to receive your final document as a .doc, .docx or PDF file.

Can I get a sample edit?
Yes. You need to send me the document via e-mail reporting which level of Editing & Proofreading you choose (basic, advanced or professional) and then you will get an edited sample of approximately 500 words. This sample edit gives you a first impression of VHC Scientific Writer editing quality and a chance to ask questions and give feedback.

How does the sample edit work?
You will receive the sample edit within 72 hours after you send it. You then have 24 hours to let me know if you're happy with the sample and would like to proceed with the whole document.

Translation

How does the Translation service work?
You need to send me the document via e-mail and state if you want English to Spanish or Spanish to English translation. It is a customized service, so, let's get in touch and tell me about your particular needs.

What kind of texts can be translated?
I translate a diverse range of documents, including academic and scientific documents, short articles, presentations, brochures, and more. Let's get in touch and tell me about your particular needs.

Which is the turnaround time for the Translation service?
It depends on the length and kind of the project.

In general, a regular turnaround time is between 3 and 7 days for a document shorter than 10,000 words. For documents of 10,000+ words, you should consult me.

Shorter turnarounds can be requested (but may incur an additional fee). Let's get in touch and tell me about your particular needs.

Is it possible to select between different variants of English?
Yes. You can choose between US/UK English.

Is it possible to select between different variants of Spanish?
No. Spanish from Argentina is only available.

This is similar among LATAM countries, but a little bit different from the Spanish from Spain. Yet, the message is well transmitted.

Consultancy

How does the Consultancy service work?

It is a one-on-one professional & expert scientific or academic consultancy.

We get in touch, you give me details on your particular needs (any doubts, queries, or whatever you need help with) and if we decide to proceed, we schedule virtual meetings on-demand until you get your needs resolved. Before a meeting, I might send you a report about the topic if necessary, and then during the meeting, we work on this issue.

What kinds of consultancy can I get?

I can provide you with scientific and academic consultancy.

What about scientific consultancy?

Based on my 10+ years of experience in Plant Biotechnology, I can give you advice on issues related to Plant Science, Crop Science, BioControl, Biopesticides, Biofertilizers, & more. Let's get in touch and talk about any doubts you might have.

What about academic consultancy?

Based on my 10+ years of academic experience, I can guide and advise you on issues related to how to become a peer-reviewer/editor, how to continue your academic career, searching available positions for your next steps in the academic world, etc. likewise, if you have an upcoming talk or dissertation, I can help you practice responding to some questions you might get from the audience, to give you some examples. Let's get in touch and talk about any doubts you might have.

Who can take a consultancy session?

Anyone who needs help or guidance on the topics of my expertise, whether they belong to the industry, is a young professional willing to take the first steps into the academic world or is a self-employed professional from anywhere around the globe. I would happily help you address your needs.

Can I get consultancy on topics out of your expertise scope?

Yes. But it depends on the topic. I work together with many colleagues from the academic and industry fields, including the Bioenergy industry (particularly focused on biogas), veterinary, aquaculture, pharma industry, biostatisticians, biologists, microbiologists, and more. Let's get in touch and talk about any doubts you might have.

What are the languages I can get consultancy in?

In English and Spanish.

What are channels used for the meetings?

Zoom, Meet (Google), Teams (Microsoft), a video call from Whatsapp, etc.

How long and how frequent are scheduled the meetings?

They are on-demand. In general, they are scheduled for 1 hour.

If we need more time to get your needs resolved in one session, we take it. Likewise, we can schedule as many meetings as we might need to get your project/tasks resolved until you are happy with the result.

Tutoring

How does Tutoring service work?

It is one-on-one academic & professional tutoring.

We get in touch, you give me details on your particular needs (any doubts, queries, or whatever you need help with) and if we decide to proceed, we schedule virtual meetings on-demand until you get your needs resolved. Before a meeting, I might send you a report about the topic if necessary, and then during the meeting, we work on this issue.

Who can take a Tutoring session?

If you are a graduate student from High School, University or you're pursuing a PhD from anywhere around the globe. I am an academic aiming to help and guide you in your academic journey.

What kinds of Tutoring can I get?

For example, if you are an undergraduate or PhD student struggling with the thesis, I can guide you and give you feedback on how to start writing it, how to organize all the info you have, suggest you the best statistical analyses to carry out & more. If you're willing to pursue a PhD, I can help you search for a laboratory where to apply, etc.

If you are to defend your thesis, I can help you with the presentation, practise pitching the speech and respond to the tough questions you will get from the committee –but might not get from your colleagues or friends.

I'm here to help and guide you in your academic journey. Let's get in touch and talk about any doubts you might have.

What are the languages I can get Tutoring in?

In English and Spanish.

What are channels used for the meetings?

Zoom, Meet (Google), Teams (Microsoft), a video call from Whatsapp, etc.

How long and how frequent are scheduled the meetings?

They are on-demand. In general, they are scheduled for 1 hour.

If we need more time to get your needs resolved in one session, we take it. Likewise, we can schedule as many meetings as we might need to get your doubts/needs resolved until you are happy with the result.

Confidentiality

How does VHC Scientific Writer handle documents?

At VHC Scientific Writer, I am committed to protecting your personal information. I follow specific guidelines to ensure the confidentiality of your work:

- Pledge of secrecy.

- Signed statement prohibiting the publication or third-party sharing upon request.

- Obligation to delete files.

Both the original and edited versions of your document are saved on my secure server for 6 months. After this period, I delete the files.

Will someone (Professor, Supervisor, Peers, Colleagues) see my submissions at VHC Scientific Writer?

No, any of them will be able to see your submissions at VHC Scientific Writer because they're not added to any shared or public databases.

I guarantee 100% confidence.

Will my submissions be published in a (public) database?

No, I guarantee 100% anonymity and confidence.

Prices & Payment Methods

What are the prices for the different services VHC Scientific Writer provides?

Each of the services I provide is customized, performed by myself, result-driven and highly detailed-oriented. I work until the client's satisfaction and approval of the deliverable.

You can take a look here.
